CONFORMITY STATEMENT

The legal representative of S.E.I.P.E.E. S.p.A., under his own responsibility states that:

THE MOTORS SHOWING ON THE NAME PLATE  II 3D 135 °C (T4)

Comply with the requirements of the directive **ATEX 94/9/CE: group II category 3D zone 22** (23rd March 1994)

Conformity is provided by the application of the directives EN 60034:2004 with all the relative parts, EN 60079-0.

The series of motors involved are:

SERIES	TEMPERATURE	AXIAL HEIGHT (mm)
AX	135 C° T4	50  132
JM - JMD	135 C° T4	56  160
GM - GMD	135 C° T4	160  315

GENERAL INFORMATION

II = Belonging Group (use on surface)

3 = Category of protection (includes apparatuses projected to work in compliance to the operating parameters fixed by the Maker and guarantee a level of normal protection) .

D = dust

22 = Non conductive dust

135 °C (T4) = Maximum temperature reached by the housing

The Purchaser of the product is responsible of the adoption of suitable technical and organizational measures. He will check any possible explosion risk: divide the environment in definite zones according to the directive for health and safety of workers in areas where explosions may occur (99/92/CE).
